

I am an ARRL member and I support the position of the ARRL board and the listed recommendations in this petition. I have been a licensed amateur radio operator for 31 years now and all of my lincense elements were taken before FCC examiners. I feel that this move to simplify the license structure is necessary for the continued existance and growth of this wonderful service and hobby and will make it a vibrant, expanding service. I urge that this NPRM docket be approved.
